## SKI TOURS IN THE DOLOMITES

### First World War ski tour Between nature and history

The central point of the ski tour is the symbolic mountain of the 1st World War, Mount Col di Lana. Everywhere along this 80-km-long circuit you will find traces of the conflict, such as trenches running right through the rocks, parapet walks and forts. Moreover you will ski through some of the most spectacular Dolomite mountains, such as Civetta, Pelmo, 5 Torri, Tofana, Lagazuoi, Conturines, Settsass, Sassongher, Sella and Marmolada. The whole tour, which also includes some ski bus transfers and is suitable for intermediate to expert skiers, takes about 7-8 hours. Therefore, we recommend you set off in the early morning in order to complete the tour in time before the lifts close.

*Skibus timetables available at the tourist offices*

## THE LADIN CULTURE AND TRADITION

### Illustrious Ladins: Jan Batista Alton Colfosco (1845-1900)

Jan Batista Alton was a writer and professor and is now considered one of the pioneers of the Ladin language because of the studies he carried out, especially those comparing different Ladin idioms.

His best known work, in addition the many poems he wrote, has the title "Ladin idioms in Ladinia, Val Gardena, Val di Fassa, Livinallongo del Col di Lana and Ampezzo".

He also wrote several books exploring Ladin traditions, history, geography and the Ladin legends. The Events Hall in Colfosco and the Middle School in La Villa are named after him.

## A TASTE OF SKIING

### The dish of Norbert Niederkofler at the refuge "Club Moritzino"

## IF I DO NOT SKI

### Museum Ladin Ursus ladinicus

The Museum, dedicated to the pre-historic bear, starts with the evolutionary history of the Dolomites, and a display of the finest and most significant fossils from the area around San Cassiano.

The exhibition continues with the discovery and excavation of the Conturines cave, using original exhibits to describe every aspect of the cave bear and its habitat. In the basement there is a reconstruction of "the bear's cave" with a detailed reproduction of a cave bear.
